## Superhero visit

All the children got to see an assembly this morning led by "Power Down Pete" (otherwise known as Peter Bell the NYCC Schools Carbon Reduction Officer). He got the children to think about reducing, reusing and recycling waste and has then led some workshops for the children in Key Stage 2 about food waste and the problems of plastic. Thanks to our Rights Respecting Ambassadors Seren and Benjamin who invited him into school following some discussions held at one of their recent meetings. More details to follow on the next newsletter.

## Parent Information

If your child forgets to bring their lunchbox, PE kit, instrument etc. to school and you bring it into school later in the day please can we ask for your help. Please can you speak to the office staff who will pass on any item to your child. Office staff will also take children down to their classrooms if they arrive at school after 9.00am. This is to help us regarding our safeguarding and fire safety procedures. Thank you.

## Parent Questionnaire

Thank you to everyone who has completed our online questionnaire for parents. This looks at what we do in school and how we can improve things even more. Please could we encourage as many people as possible to complete the questionnaire as it will help us inform our school improvement priorities from September. The questionnaire only takes a few minutes to complete and can be completed via this link;

The last part of the survey looks particularly at our work towards the Food for Life award which we hope to complete by the end of this term. The children in Y2 to Y6 have given their views so please help by giving your opinion by 25th May. Thank you.

## Royal Wedding Day

Everyone looked fantastic on Friday and all enjoyed a 'Royal Learning Day'. When the children were asked about the Royal Wedding on Monday there were many comments about how beautiful Meghan's dress was and one child's favourite part was when they rode in the carriage. (Scarlett S)
