

English

In English we will be continuing to develop our reading and writing skills through some lovely stories based in and around towers, tunnels and turrets. We'll also study fact books about castles.

Maths

Our Maths learning will be focused on number place value and statistics to start with moving onto the four number operations and measuring later in the term with some revision of fractions and shape as well. On Fridays we will continue with Big Maths and Maths Mats and monthly maths target tests.

History

In History we'll be finding out about castles through the ages and what castle life was like.

Year 2 Spring Term

Towers, Tunnels and Turrets

Science

In Science lessons we'll be learning all about plants and how they grow. After half term we'll move onto experimenting on different materials to investigate their properties.

RE

Our RE learning will be based around the place of stories and storytelling in different faiths and of course the meaning of Easter nearer the end of term.

PE

PE will be on Thursdays and Fridays. We will be starting with netball outdoors and country dancing in the hall. After half term we will move on to hockey and more gymnastics.

Art and DT

Our Art project will be based around block printing followed by some Easter themed sculpture and in DT we will be model making inspired by the architecture of towers, bridges and tunnels.

Music

This term in music we will learn how to play a variety of untuned percussion instruments and learn some Easter songs.

Computing

In these lessons the class will be learning about and using the technology of photography.

Geography

In Geography lessons the class will be looking at maps and aerial photographs and comparing structures in our locality with those in other areas.
