

ROMANBY WRITES ROMANBY RIGHTS

FOR THE CHILDREN,
BY THE CHILDREN

AUTUMN TERM
EDITION

Welcome to our latest edition of our school newsletter! We have had a busy few months since the last newsletter, we hope you enjoy reading all the articles the children have put together!

Writing challenge

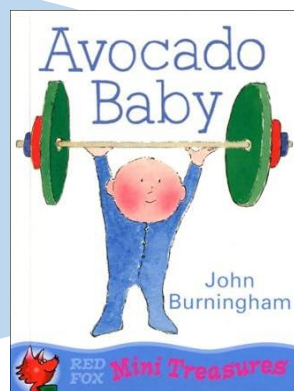

The children were challenged to write a story based on a magic door. They had to think about where the door would lead their character when they went through it. We had adventures in space, in fairy lands, in candy lands and all sorts of wonderful settings! Well done to everyone who took part in the competition!

Recommended Reads!

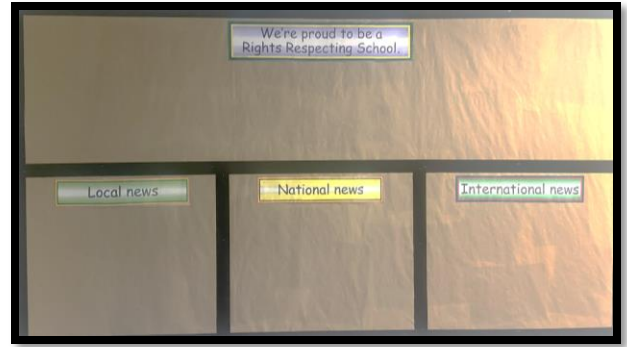

This book is recommended by our Reading Ambassadors for KS2. It is a thrilling read!

This book is recommended by our Year 2 children for KS1- it is so funny!

Rights Respecting Ambassadors

We have developed a new board in the main corridor opposite the quad. On this board, we will place news from around the world (international), our country (national) and our school (local) so watch out for updates!

Recently, we have been thinking about our lunches and what people love to eat. This is why you might have seen some more 'specials' on the menu recently!

As always, we have been revisiting our rights and thinking about how we can keep our school a happy, safe and enjoyable place to learn. Here are some of the key rights we have as children to remember:

- Right to education
- Right to a safe place to live
- Right to food and drink
- Right to a name
- Right to a nation
- Right to leisure and play.
- Right to express our opinions.

Times Table Rockstars

Well done to everyone who has been busy on their TT Rockstars at home recently! We are now 15th out of 30 on the leader board of local schools. Your timetables are incredibly important in helping you with your maths so please keep it up!

Monday Mindset assemblies

Every Monday morning, the children have a 'Mindset' assembly. These focus on positive attributes such as compassion, respect, being a Roman by pupil and how to have high expectations of ourselves.

Christmas!

This Christmas has been full of exciting things! Reception sang beautifully for parents for their Christmas Sing Song and Year 1&2 have performed their Wiggly Nativity which was extremely good. KS2 recently had their Christingle services and the Christmas fair was great with stalls for everyone and even the choir singing! We have also had our Christmas dinner which was super tasty and really nice in the hall because all of the decorations!

Year 6 trip to Crucial Crew

On Thursday 16th November, the Year 6's went to Crucial Crew at Carlton Lodge. One of the activities was fire safety and people got to volunteer to pretend to be having a sleepover; we all had to identify the safety hazards around the room. We also learnt about the dangerous affects of smoking and how to be safe around water.

Computing/STEM

Some cool coding games which you might like are:

Python, Scratch, and Turtle Academy! They really help you get your brain going and think like a coder. They even help you use your maths skills!

Year 1/2 Parents attended an Education City workshop:

We discussed ways to use the software to support and enhance your child's learning.

The teacher can set work- this will be as homework or classwork. There is also a journal which is made up of the specific areas of learning, your child will need to work on. There are activity sheets and 'Learn its'. All at the click of a button! Thank you to those who attended. Please do speak to your class teacher for any assistance.

Sports for Schools

On Wednesday 29th November, the badminton athlete Jenny Wallwork, came into school to teach some exercises we can do to keep ourselves fit. The circuits, such as push ups, jumping jacks, mountain climbers and spotty dog, were really tiring but super fun! My arms were aching even three days afterwards!

By Lucas, Noah, Issac and Summer

Fire service visit

Reception had a really exciting visit from a fire engine this term as part of their topic 'Marvellous Machines'. We looked at different emergency vehicles and people who help us!

Movers and Shakers dress up day

Year 1 and 2 had an amazing launch day for their topic 'Movers and Shakers'. There were some incredible facts and props shown and the children learnt so much about different significant people!

Yorvik Viking Centre

This term, Year 3 and 4 visited Yorvik Viking Centre as part of our Invasion topic. We loved the ride where you went around a viking village and going to the DIG centre because we got to dig for bones and weapons like archaeologists!

By Joshua and Hameed

Eden Camp

Year 5 and 6 went to Eden Camp earlier this term to learn more about WW1 and WW2. We had so much fun and particularly enjoyed the Blitz hut which was so realistic! We all learnt something new and it was great to experience what life was like during the wars.
